DATA PROTECTION, PRIVACY AND SECURITY
4 USEFUL TOOLS FROM DLA PIPER

As businesses struggle to keep up with the critical, fast-changing data protection laws and face the growing threat of data breaches, DLA Piper is well positioned to help guide you. Here are some of our key products to help your business prepare for 2018 in data protection, privacy and security law.

THE EU DATA PROTECTION REGULATION: SEE OUR NEW MICROSITE

Our new microsite provides key information to help you learn more about the EU Data Protection Regulation – what it covers, the impact it is likely to have on organizations across different sectors, and actions to consider as you prepare. The microsite also offers regular updates on developments around the regulation as well as information on our webinars and events. Visit the site at www.dlapiper.com/en/uk/focus/eu-data-protection-regulation/home/.

DATA PRIVACY SCOREBOX: OUR NEW TOOL

Our newest tool aims to help you assess your data protection maturity level. To begin, complete a survey covering such areas as your storage of data, use of data, and customer rights. Once the survey is completed, a report summarizing your company’s alignment with 12 key areas of global data protection is produced. The report also includes a practical action point checklist and peer benchmarking data. Find out more at dlapiperdataprotection.com/scorebox.

DATA PROTECTION LAWS OF THE WORLD HANDBOOK: 2017 EDITION

We are pleased to share the latest edition of our popular Data Protection Laws of the World Handbook, which now covers over 95 jurisdictions. This complimentary go-to guide offers a high-level snapshot of selected aspects of data protection laws across the globe in an easily accessible online format. Download the Handbook at dlapiperdataprotection.com.

PRIVACY MATTERS – OUR GLOBAL BLOG

You may also enjoy Privacy Matters, our global blog on legal matters related to data protection, privacy and security. Sign up at blogs.dlapiper.com/privacymatters/ and we will notify you whenever we add a new post.
